

MUTYALA ANITHA SOWJA

PROGRAMMER ANALYST

9951335797 | anitha.sowja@gmail.com | Hyderabad, India

CAREER SUMMARY:

Detail-oriented software developer with 3 years of hands-on experience in Mainframe technologies, specializing in **COBOL programming, JCL scripting, VSAM file management, and DB2 database operations**. Proficient in systems analysis, application coding, and performance troubleshooting to ensure robust and efficient software solutions. Demonstrated success in optimizing system workflows and contributing to project milestones through collaborative team efforts and continuous improvement initiatives.

EDUCATIONAL DETAILS:

Master of science Government college, Rajahmundry

06/2020 – 03/2022

TECHNICAL SKILLS:

- **Mainframe:** TSO, ISPF, JCL, VSAM, COBOL, DB2
- **Supporting Tools:** SQL, JIRA, MS Outlook, MS Excel, MS Word

WORK EXPERIENCE:

Cognizant Technology Solutions

Jul 2022 – present

- Collaborated with a team to develop and maintain mainframe applications using JCL and COBOL for clients.
- Optimized existing code, reducing processing time by 25% in critical batch jobs.
- Participated in application testing and debugging, achieving a 98% defect-free rate in production environments.
- Contributed to documentation and knowledge transfer sessions to enhance the knowledge.
- Understanding client's processes and requirements and producing quality deliverables. Creating test Cases and executing them.
- Designed and managed DB2 database schemas, ensuring quick data retrieval and maintaining data integrity.
- Evaluated project requirements, specifications and developed software applications that surpasses client expectations.

CERTIFICATIONS:

- GitHub Foundations
- The Complete Oracle SQL Bootcamp
- The Complete Mainframe Professional Course
